May 2026

LEADERSHIP & SERVICE INITIATIVES

Founder, NCR Clean Air Campaign

November 2023 – Present

- Co-led a student Delhi High Court writ petition for rescheduling the school sports calendar away from peak-pollution months. Assisted counsel pleadings, collated testimonies, attended hearings.
- Obtained positive court directives resulting in Delhi Govt policy preponing State Games to non-pollution months, impacting 250,000+ athletes. Extensive national press coverage: Indian Express, Radio Mirchi 93.5 FM, Moneycontrol.com.
- Filed an application under the Right to Information Act seeking the municipal corporation's pollution budget allocation, expenditure, and reasons for delays in deploying road-sweeping machinery.
- 35+ awareness workshops across six low-income settlements; distributed anti-pollution handbooks; convened resident meetings on GRAP compliance, illegal construction, and traffic re-routing; ran plantation drives (150 saplings).
- Project Mask-Up: raising INR 75,000 with Chintan for sewing machines and recycled fabric; produced and distributed 700+ DIY cloth masks in Nizamuddin Basti, working with 70+ student volunteers.
- Honourable Mention, Action for Nature International Young Eco-Hero Awards

2026

Volunteer Researcher, Chintan Environmental Research & Action Group

September 2025 – August 2026

- Collected primary survey data for Chintan's baseline report on children's exposure to air pollution in Delhi-NCR ("A Generation Under Siege", 2026).
- Assisted environmental journalist Nidhi Jamwal with primary data collection and cover-story interviews for Chintan's ON AIR magazine: "A Crisis of Childhood" (March 2026) and "Double Jeopardy" (April 2026), on the impact of air pollution and heat on children, construction and gig workers. Credited as a named contributor in both.

Founder, Equitable Access Project, Bharti Foundation Rural Schools, Punjab & Haryana

May 2022 – Present

- Delivered 50+ peer-mentoring sessions across five schools (500+ students) in Mathematics, English, financial literacy, and environmental habits and hygiene. Recruited 11 fellow students as peer mentors.
- Designed and implemented a Retail Lab for 80+ Grade 9 students: mock marketplaces teaching pricing, inventory, merchandising, and negotiation. Students applied the methods in family businesses and secured retail internships.
- Authored a Handbook for Life-Skill Development & Community Building Activities, adopted across schools.
- Collected and refurbished 65+ devices so students could access online school during the pandemic, improving board examination results. Fundraised INR 20,000 through the TATA Marathon to support educational needs.
- Recognised as a Bharti Foundation "Young Changemaker" & COO appreciation

2025

Founder & Team Leader, School Alumni Project, Vasant Valley School

May 2025 – Present

- Built the business case, secured school approvals, and led a student team. Developed a tech-based solution (React, Globe.js APIs) to leverage the school network across 1,500 alumni at 200+ colleges. Mentoring juniors to take it forward.

Student Leader, Financial Inclusion, Banking The Unbanked, NABARD & AP Bank Ltd

December 2025 – Present

- 40+ financial literacy workshops in rural Bihar and Jharkhand: introduction to formal banking, borrowing, digital payments, savings, and fraud protection. Assisted in opening ~1500 accounts and claiming CM Rozgar Yojana government grants. Training 10 local district representatives for project continuity.

Builder, SavingWise.org (multilingual budgeting web application)

August 2025 – Present

- Money-management app built after a 12-week programme: income allocation using ratio-based budgeting; true repayment cost of informal loans; profit-and-loss tracking for micro-businesses.
- Deployed across rural school students, Bharti Foundation, neurodivergent learners at the Tamana Special Education Centre, 750+ farmers, and women micro-entrepreneurs.

RESEARCH & WRITING

Research Intern, Sambodhi Research & Communications Pvt Ltd

September 2025 – March 2026

- World Bank UP-AGREES, a \$325m agricultural modernisation project. Supported the literature review informing the theory of change, monitoring framework, baseline survey design (~5,800 households), sampling methodology, and focus-group guides for farmer collectives and women's self-help groups.
- ClimateWorks Foundation Just Transition landscape study (coal to renewables, India). Contributed to the literature review, landscape analysis, funding-gap analysis, and political-economy barriers, informing investment pathways. Supervised by a senior researcher.

Student Researcher for Mr. Ishawar Choudhary, PhD Scholar, BITS Pilani

November 2025

- Climate-smart agriculture practices and their impact on farmer incomes. Reviewed secondary literature; supported sample-size determination using confidence-interval methods; contributed to the primary survey.

Author, Research Paper, [International Journal of Social Science & Economic Research](#) May 2026

- Study on ESG regulation (EU/US/China) and its effect on corporate sustainable investment. Applied stakeholder theory, resource-based view, Porter's Hypothesis to interpret how regulatory differences shape investment efficiency and corporate value, synthesizing empirical evidence including a mediation framework from recent literature. Supervised by an Economics school teacher.

Author, Academic Essay, [Critical Debates in Humanities, Science and Global Justice](#) September 2026

- Essay on the potential of universal basic income and data dividends as policy responses to technological inequality.

Author, Research Paper, [International Journal of Social Science and Economic Research](#) August 2026

- Essay investigating the trade-offs between environmental protection and economic prosperity. Supervised by PhD Scholar, BITS Pilani, India.

WORK EXPERIENCE

Intern, Value Bridge Capital (Investment Bank) October 2025

- Learned fundraising fundamentals (investor mapping, deal rationale and cycle, options, valuation models: enterprise value, EBITDA). Prepared a client pitch on the impact of artificial intelligence on the healthcare sector.

Investor Relations Intern, Bharti Airtel Limited April 2025

- Benchmarked market trends and analysed financial statements, valuations, and business models to support the team in responding to investor queries.
