Dear Abhiv eer,

On behalf of the Chintan team, I would like to express our sincere appreciation for your valuable support in collating peer group data and conducting the primary survey on the impact of air pollution on children in the National Capital Region (NCR).

Your commitment and thoughtful engagement throughout the survey process contributed significantly to the quality and reliability of the data collected. The insights gathered formed an important foundation for Chintan's recent one-of-its-kind survey report on the perspectives of children in Delhi-NCR on air pollution (February 2026), and your efforts played a meaningful role in making this work possible.

We especially appreciate your initiative, respectful communication with respondents, and the care and professionalism with which you carried out your responsibilities. Your contribution reflects a strong sense of social responsibility and genuine concern for public health and children's well-being.

Thank you once again for your support. We wish you continued success in your academic journey and hope you remain engaged in work that creates a positive impact.

Warm regards,

Bhavayta Mahajan
