

Certificate for Academic Achievement

June 10, 2024

Abhiveer Gulati

Grade 10, The Vasant Valley School New Delhi

This letter of appreciation is awarded to Abhiveer Gulati for his outstanding performance in the Project Module of Ashoka Horizons Economics course, titled games and game theory under Prof Saptarshi Mukherjee (Associate Professor of Economics at IIT Delhi) , Ashoka University.

Abhiveer's ability to understand and analyze complex concepts, such as complex games, is truly remarkable. His analytical prowess consistently led to innovative solutions and valuable insights, greatly enriching the classroom experience. His disciplined approach to his studies ensured that he not only grasped intricate theories but also applied them effectively in practical scenarios.

Moreover, Abhiveer's contributions went beyond his own success; he often shared his insights with his peers, fostering a collaborative learning environment. His methodical and thoughtful approach to problem-solving set a high standard.

Abhiveer's exceptional abilities and dedication have left a significant impact on the course. I am confident that his strong analytical skills and disciplined work ethic will continue to drive his success in future academic and professional endeavors.

I wish Abhiveer Gulati all the best for their academic journey and future endeavors.

Best regards,

Teaching Fellow

Economics - games and game theory
