Appreciation for Volunteering Support

Dear Abhiveer Gulati,

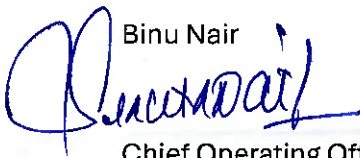

I am happy to share with you the achievements of our students from Punjab Schools in the Board Examinations 2024-25. Our students have once again brought laurels to the Foundation and their families. Notably, girls continue to secure most of the topper positions!

Additionally, our Alumni from the primary and elementary schools (who pass out of Class V & VIII to join other schools) have also achieved meritorious positions in the Board Examinations, reflecting the strong foundation they received in Satya Bharti Schools.

This success is a collective achievement, and you have played an important role in enabling our students to excel. You have made a special contribution to our students, whether by organizing devices during Covid or volunteering sessions. This has touched the lives of some of the students and your efforts have made a difference.

We wish you continued success and bright career.

Best Wishes,

Binu Nair

Chief Operating Officer
