To Whomsoever It May Concern

This is to certify that Abhivier Gulati has completed an internship with Airtel Payments Bank from 10th December 2025 to 30th December 2025 and continued to collaborate with us in our campaigns across rural India. He assisted with designing campaigns for NABARD and Bank's Financial Literacy Camps for **"Banking the Unbanked"** project by spreading awareness regarding the banking systems and financial tools and digital fraud awareness in rural areas focused on farmers and small business initiatives undertaken by rural women.

He demonstrated good skills in analysis and was self-motivated to learn new things. He also integrated his financial literacy and money management application, **"Savingwise.org"** to teach and promote budget management and savings for small rural and agrarian businesses. He consistently met all assigned responsibilities within timelines and contributed significantly to the support team in facilitating the opening of new bank accounts.

These campaigns have resulted in over 10% of attendees being incorporated into the Indian banking eco system and have also contributed reduced fraudulent activities and digital frauds in such areas.

We wish Abhivier good luck with his future endeavors.
